3. Filer's Employment Agreements and Arrangements

#	EMPLOYER OR PARTY	CITY, STATE	STATUS AND TERMS	DATE
1	Comcast Corporation	Philadelphia, Pennsylvania	Employment Agreement: In December 2020, I stepped down from my position as Senior Executive Vice President of Comcast Corporation and entered into an amended Employment Agreement codifying a part-time work commitment with the Company as a Senior Advisor to the CEO. In anticipation of this change in status, in July 2020, I renegotiated my employment agreement (“the July 2020 Amendment”) which provides: • A five-year term – from January 1, 2021 to December 31, 2025, with a salary of a fixed amount per annum for the term. • Elimination of future annual cash bonuses or future equity grants (RSUs or stock options) • a limitation on my ability to work for other employers (non-profit and civic engagements were exempted), without the consent of the Company. The five-year term with base salary was designed to provide the benefits that had been afforded to previous Named Executive Officers (”NEOs”) and other senior executives who had terminated employment and were not going into the government, including continued participation in the Company’s equity compensation plans for vesting purposes only and continued access to health and welfare benefits for a period after termination of employment with the Company. Based on further discussions with the Company, the Company agreed to modifications to my employment agreement to permit me to maintain my interests in my Deferred Compensation Account at certain interest rates and to allow for accelerated vesting and delivery of Restricted Stock Units and the Stock Options, as described elsewhere in this Part 3. Effective November 5, 2021, I resigned my position at Comcast Corporation and all salary payments and company payments for health and welfare benefits ended.	1/2021

#	EMPLOYER OR PARTY	CITY, STATE	STATUS AND TERMS	DATE
2	Comcast Corporation	Philadelphia, Pennsylvania	Deferred Compensation Plan: I participated in the Company's Deferred Compensation Plans, which permitted me the right to defer certain compensation earned for services provided to the Company. Effective January 2021, I was no longer entitled to make additional deferrals. My deferred compensation balances as of January 2021 were in accounts that accrue yields on the balance at the annual rates of 9% and 12% (the "interest rate funds"), depending on the dates of deferral. Subsequent to January 2021, a portion of my balance under the defined compensation plans moved to market-based funds similar to mutual funds. Typically, retiring NEOs and senior executives are afforded additional years of crediting at the 9% and 12% rates. The July 2020 Amendment was in part designed to afford me that benefit – i.e., to continue receiving interest crediting to plans' balances at the 9% and 12% rates for five years. This treatment is comparable to the treatment afforded other retiring NEOs and senior executives. After the end of the five-year employment agreement period, the interest crediting rate on my deferred compensation plans' balances under the agreement will drop to prime plus 1%. As set out in the plan documents, I am entitled to "re-defer" balances in my deferred compensation accounts, or allow them to be distributed. The first scheduled distribution date is in 2025. The Company has agreed to permit me to maintain my deferred compensation accounts continued interest crediting at the 9% and 12% rates following my termination for the five years contemplated by the July 2020 Amendment. This period will end on December 31, 2025, at which time my deferred compensation in the interest rate funds will drop to prime plus 1% for any compensation that I have not redeferred.	1/2021

#	EMPLOYER OR PARTY	CITY, STATE	STATUS AND TERMS	DATE
3	Comcast Corporation	Philadelphia, Pennsylvania	Stock Option Plan: I participated in the Company's Nonqualified Stock Option Plan (the "stock option plan") under which I have been awarded stock option grants, either as part of an annual management grant or for extraordinary events such as signing a new employment agreement. My last grant of options was issued in January 2021. As of August 1, 2021, I had 2,952,480 vested stock options. I also had 1,901,250 options that are not formally vested, but, because of my age and years of service, under the terms of the stock option plan, such stock options would continue to vest and would not be forfeited if I terminated my employment. I also had 219,245 options that were subject to forfeiture in the event of termination of my employment. Except for my last option grant in January 2021, my options would have become exercisable over a 9.5 year period (the January 2021 grant would have become exercisable over five years). All of my options have a ten-year life. Under the terms of the stock option plan, all of my options would have continued to be delivered and become exercisable in annual increments for a period of five years following my termination of employment because I have qualified for retirement as that term is defined in the stock option plans. Pursuant to the stock option plan, I am entitled to five years of continued delivery following my termination of employment and then am afforded an additional three months to exercise my options or until the expiration date of the options if the option term expires sooner. In view of my outstanding service to the Company and its performance, the Company agreed that I was entitled to the full vesting and accelerated delivery of my stock options, which occurred on June 18, 2021 (subject to required tax withholding). I currently have 3,414,415 vested stock options.	1/2021

#	EMPLOYER OR PARTY	CITY, STATE	STATUS AND TERMS	DATE
4	Comcast Corporation	Philadelphia, Pennsylvania	Restricted Stock Plan: I participated in the Company's Restricted Stock Plans (the "RSU plan"). Pursuant to the RSU plan, I have been awarded restricted stock units ("RSUs"). My last grant of RSUs was in January 2021. All RSUs convert to Comcast stock as they vest (net of required tax withholding) which generally occurs over a five-year period. As of August 1, 2021, I had been granted 340,859 RSUs that were not formally vested and that had not yet become Comcast stock. Of these, in accordance with the terms of the RSU plan and because of my age and years of service, I had the fixed right to continued vesting for four years for 307,323 RSUs, which right is not revocable, leaving 33,536 RSUs that were subject to forfeiture in the event of termination of my employment. Pursuant to the RSU plan, the vesting schedule was as follows: 15% of the award after year one through four years, and 40% on the fifth anniversary of the award. In view of my outstanding service to the Company and its performance, the Company agreed that I was entitled to the full vesting and accelerated delivery of my RSUs at the greater of their last respective achievement levels or 100%, which occurred on or about June 18, 2021 (subject to required tax withholding). I have no vested or unvested RSUs.	1/2021
5	Comcast Corporation	Philadelphia, Pennsylvania	Health and Welfare Benefits: I participated in the Company's health and welfare benefit plans. Upon termination of employment for government service, the Company's payments for such plans have terminated.	1/2021
6	Comcast Corporation	Philadelphia, Pennsylvania	Employee Stock Purchase Plan: I participated in the Company's employee stock purchase plan. Each year, I was permitted to purchase up to $21,250 of stock at a 15% discount (off the lower of the closing price on the first business day of a quarter and the closing price on the last business day of a quarter). Under the terms of the plan, I must hold that stock for a period of one year. Effective with the termination of my employment with the Company on November 5, 2021, I no longer participate in the Company's employee stock purchase plan.	1/2021

#	EMPLOYER OR PARTY	CITY, STATE	STATUS AND TERMS	DATE
7	Comcast Corporation	Philadelphia, Pennsylvania	401(k) Plan :, I was permitted to contribute a portion of my annual compensation to a 401(k) plan.. Upon leaving Comcast effective November 5, 2021, I am no longer eligible to participate in the Company's 401(k) plan, and I rolled the 401(k) into the existing IRA reported on Line 25 in Part 2.	7/2002
8	Comcast Corporation	Philadelphia, Pennsylvania	Courtesy Cable Services -- I receive courtesy cable, internet, and telephone services under Comcast's courtesy cable policy at my two residences. Pursuant to the policy, courtesy services will continue for three years following my retirement or following the termination of severance payments pursuant to a retirement employment agreement.	7/2002
9	PNC Financial Services Group	Pittsburgh, Pennsylvania	Directors Compensation --. A portion of my cash compensation from my prior service as a director was deferred in a deferred compensation account. The yield on the account balance is determined by a fixed rate of interest and by reference to shares of the Company.	10/2020
10	PNC Financial Services Group	Pittsburgh, Pennsylvania	Directors Shares -- As part of my compensation for past service as a director of the Company, I received vested shares of the Company.	10/2020
11	Franklin Square Global Credit Opportunities Fund	Philadelphia, Pennsylvania	Directors Equity -- As part of my compensation for past service as a director of the Company, I received vested shares of certain funds that are sponsored by the Company.	6/2013
12	City of Philadelphia	Philadelphia, Pennsylvania	Deferred Compensation Plans --I participated in the City's deferred compensation plans, which provided the right to defer certain compensation earned for past services provided to the City. The plan sponsor has not and will not make contributions after my separation.	5/2007

This section does not include assets or income from United States Government employment or assets that were acquired separately from the filer's business, employment, or other income-generating activities (e.g., assets purchased through a brokerage account).
